1. Product and Company Identification

Product Code: 63000.003
Product Name: Mold Armor E-Z House Wash

Manufacturer Information

Company Name: W. M. Barr
2105 Channel Avenue
Memphis, TN 38113
Phone Number: (901)775-0100
Emergency Contact: 3E 24 Hour Emergency Contact (800)451-8346
Information: W.M. Barr Customer Service (800)398-3892
Web site address: www.wmbarr.com
Preparer Name: W.M. Barr EHS Dept (901)775-0100

Synonyms
FG511, FG511MT, FG511WS, FG514, FG531, FG541

Revision Date: 02/15/2013

3. Hazards Identification

Emergency Overview
Warning: Injurious to Eyes. Skin Irritant. Harmful if Swallowed.

Potential Health Effects (Acute and Chronic)

Inhalation Acute Exposure Effects:
Inhalation of fumes or mists may cause irritation of the respiratory tract and mucous membranes. If sodium hypochlorite is mixed with ammonia or other chemicals, evolution of chlorine or chlorine based compounds results. These gases can produce pulmonary edema.

Skin Contact Acute Exposure Effects:
This product is a skin irritant. May cause drying of skin, rash, blisters, and cracking. May cause burns to broken skin.

Eye Contact Acute Exposure Effects:
This material is an eye irritant and may cause burns to the eyes.

Ingestion Acute Exposure Effects:
May be corrosive to the mouth and throat, mucous membranes, and stomach. May cause burns of the tissues, severe abdominal pains, nausea, vomiting, circulatory collapse, confusion, delirium, coma, and collapse. Swallowing large quantities can be fatal.

Chronic Exposure Effects:
Prolonged or repeated contact may cause irritation and dermatitis. May cause constant irritation of eyes and respiratory tract.

Signs and Symptoms Of Exposure
Primary routes of exposure:
Inhalation and dermal.

Medical Conditions Generally Aggravated By Exposure
Diseases of the skin.

OSHA Regulatory Status:
This material is classified as hazardous under OSHA regulations.

4. First Aid Measures

Emergency and First Aid Procedures
Inhalation:
If user experiences breathing difficulty, move to air free of vapors. Administer oxygen or artificial respiration until medical assistance can be rendered.

Skin contact:
Wash with soap and large quantities of water for at least 15 minutes. Seek medical attention if irritation from contact persists.

Eye contact:
Immediately flush eyes with water, remove any contact lens, continue flushing with water for at least 15 minutes. Get medical attention.

Ingestion:
Drink one or two glasses of water or milk. Never attempt to give anything by mouth to an unconscious person. Call your poison control center, hospital emergency room, or physician immediately.

5. Fire Fighting Measures

Flammability Classification: Non-Combustible
Flash Pt: NA
Explosive Limits: LEL: No data. UEL: No data.
Autoignition Pt: No data available.

Fire Fighting Instructions
Self-contained respiratory protection should be provided for fire fighters fighting fires in buildings or confined areas. Storage containers exposed to fire should be kept cool with water spray to prevent pressure build-up.
MATERIAL SAFETY DATA SHEET
Mold Armor E-Z House Wash

Flammable Properties and Hazards
No flash to boiling. This material does not exhibit a flashpoint per the Setaflash Closed Cup test method.

Hazardous Combustion Products
Toxic fumes.

Extinguishing Media
Non-combustible liquid - use extinguishing media for underlying cause of fire.

Unsuitable Extinguishing Media
No data available.

6. Accidental Release Measures

Steps To Be Taken In Case Material Is Released Or Spilled
Clean-up:
Keep unnecessary people away, isolate hazard area and deny entry. Stay upwind, out of low areas, and ventilate closed spaces before entering.

Small spills:
Take up the spilled liquid with sand, earth, or other noncombustible absorbent material and place in a plastic container where applicable.

Large spills:
Dike far ahead of spill for later disposal.

7. Handling and Storage

Precautions To Be Taken in Handling
Read carefully all cautions and directions on product label before use. Since empty container retains residue, follow all label warnings even after container is empty. Dispose of empty container according to all regulations. Do not reuse this container.

Precautions To Be Taken in Storing
Keep container tightly closed when not in use. Store in a cool, dry place. Protect from freezing. Avoid extreme high or low temperatures.

8. Exposure Controls/Personal Protection

Respiratory Equipment (Specify Type)
For OSHA controlled work place and other regular users -- Use only with adequate ventilation under engineered air control systems designed to prevent exceeding appropriate TLV. For occasional use, where engineered air control is not feasible, use properly maintained and properly fitted NIOSH approved respirators. A dust mask does not provide protection against vapors.

Eye Protection
Safety glasses, chemical goggles or face shields are recommended to safeguard against potential eye contact, irritation, or injury. Contact lenses should not be worn while working with chemicals.

Chemical splash goggles or safety glasses with a faceshield are recommended when the potential for splashing exists.

Protective Gloves
Wear impermeable gloves. Gloves contaminated with product should be discarded. Promptly remove clothing that becomes soiled with product.

Other Protective Clothing
Various application methods can dictate use of additional protective safety equipment, such as impermeable aprons, etc., to minimize exposure. Before reuse, thoroughly clean any clothing or protective equipment that has been contaminated by prior use. Discard any clothing or other protective equipment that cannot be decontaminated, such as gloves or shoes.
Engineering Controls (Ventilation etc.)
Use only with adequate ventilation to prevent build-up of vapors. Open all windows and doors. Use only with a cross ventilation of moving fresh air across the work area. If strong odor is noticed or you experience slight dizziness, headache, nausea, or eye-watering -- Stop -- ventilation is inadequate. Leave area immediately.

Work/Hygienic/Maintenance Practices
A source of clean water should be available in the work area for flushing eyes and skin. Do not eat, drink, or smoke in the work area. Wash hands thoroughly after use.

9. Physical and Chemical Properties

Physical States: [ ] Gas [ X ] Liquid [ ] Solid
Melting Point: No data.
Boiling Point: > 210 F
Autoignition Pt: No data.
Flash Pt: NA
Specific Gravity (Water = 1): 1.09
Bulk density: 9.073 LB/GA
Vapor Pressure (vs. Air or mm Hg): < 0.1 MM HG
Vapor Density (vs. Air = 1): > 1
Evaporation Rate: < 1
Solubility in Water: No data.
Solubility Notes
Completely soluble in water.
Percent Volatile: N.D.
pH: 12.5 - 13

Appearance and Odor
Green/yellow cloudy liquid.

10. Stability and Reactivity

Stability:
Unstable [ ] Stable [ X ]
Conditions To Avoid - Instability
No data available.
Incompatibility - Materials To Avoid
Incompatible with acids, ammonia, or other household chemicals. Do not mix with acids, ammonia, or other household chemicals as dangerous fumes may result.

Hazardous Decomposition Or Byproducts
Thermal decomposition may produce chlorine gas.

Hazardous Polymerization: Will occur [ ] Will not occur [ X ]

Conditions To Avoid - Hazardous Polymerization
No data available.

11. Toxicological Information

Toxicological Information
No data available.

Chronic Toxicological Effects
No data available.

EPA Hazard Categories:

This material meets the EPA 'Hazard Categories' defined for SARA Title III Sections 311/312 as indicated:

[X] Yes  [ ] No  Acute (immediate) Health Hazard
[ ] Yes  [X] No  Chronic (delayed) Health Hazard
[ ] Yes  [X] No  Fire Hazard
[ ] Yes  [X] No  Sudden Release of Pressure Hazard
[ ] Yes  [X] No  Reactive Hazard
Regulatory Information Statement

All components of this material are listed on the TSCA Inventory or are exempt.
